OASIS MEU

Nature has always been an endless source of inspiration and has guided us through each step of designing a new lifestyle. **That is the philosophy behind the Oasis Meu – focus on the Magnetic attraction of nature can be found in every single detail of our floating apartments.**

These innovative waterfront homes combine the traditional Croatian shipbuilding techniques with cutting-edge design, resulting in a truly one-of-a-kind living space.

The priority of Oasis Meu houseboat design are sustainability and autonomy. Our goal is to achieve 100% sustainability in terms of energy efficiency. **Oasis Meu is a friend of nature, as all our houseboats fit in with the environment and do not disturb it.**

ABOUT

The two-deck water home provides comfortable accommodation for 2+2 people. **The open front deck is equipped with Pool.** On the main deck, there is a **Saloon, a fully equipped Kitchen and Bathroom, and a sleeping area with 360° view** on the upper deck. To fulfil the +2 option the seating area in the Saloon is convertible - if needed, **a round sofa can be changed into a bed for two persons.**
